

BLACK MAMBA ROLLER LIFTER SERIES®

Newest Innovation for Roller Lifters

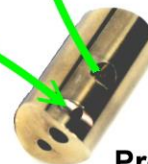

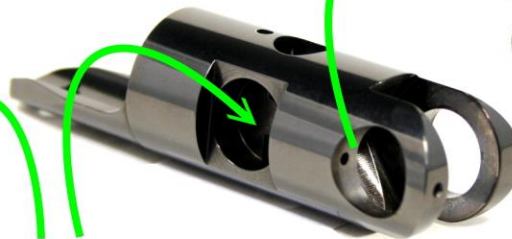

Made in the USA

1. .842 Dia with load carrying capacity of our 1" lifter
2. Axle Dia .470" Special Matrix Material (B624L)
3. Full-time Presurized Oiling to the Lifter Wheel
4. Wheel runs in an Oil-Wedge
5. Diamond-Like Coating for less friction and wear durability
6. Rebuildable
7. Currently available for Chevy SB, BB, LS

Pressurized Oil enters port in Body

Proceeds into Axle and exits between the Axle and Wheel, creating an Oil-Wedge. The Wheel runs in the Oil-Wedge.
